Assistant Commandant**

**Dear General Cunningham:**

Following through on our talk on 11 May 1960, I have enclosed for consideration by you and your staff the outlines of the topics which our representatives are prepared to present if you wish to include this material in the curriculum.

The proposed presentations will conform to the requirements worked out in May. They comprise three separate but related topics: (1) Role of CIA in the National Security System; (2) Mission, Functions, and Organization of CIA; and (3) War Planning, including CIA support to the Armed Forces in Unconventional Warfare. I have not included an outline of the War Plans topic since this will follow the same general outline of previous talks on this subject given by CIA speakers at the College. We plan to send two speakers, one being a specialist particularly knowledgeable of the third, War Planning topic. Both would be authorized and prepared to answer candidly any appropriate questions raised by the student body concerning the subjects presented. Please let me know if these outlines are acceptable to you. Any recommendations or suggestions for changes will be welcomed, and I will be happy to answer any questions on our proposed participation in your training program.

I should like to take this opportunity to ask if we might impose further on your hospitality. As you know, I was very much impressed with your training plant and especially with the advanced instructional aids and methods now in use at the College. I would appreciate it very much if you would permit our Educational Specialist,   to visit the College and spend several days with your Educational Advisor, to view the training facilities and to discuss the instructional techniques and audio-visual media. We believe that many

[ ] visit must be at a time most convenient to you and your staff; however, may I suggest either the week of 12 September or of 26 September 1960.

Thank you again for your courtesy and consideration.

Very sincerely,
